ABOUT ME

I'm a Full Stack Developer with experience building scalable web applications and APIs using modern technologies like JavaScript (React, Node.js), PHP, and SQL/Mysql databases. I enjoy working across the entire stack—from crafting responsive user interfaces to designing efficient backend architectures and deployment pipelines. I thrive in collaborative environments, continuously learning and adapting to new tools and best practices. Whether it's debugging complex issues or optimizing performance, I bring a problem-solving mindset to every project.
